NEW WRANGLE BEGUN

Cilean Minister Changed a Phrase in the Peace Protocol.

PUBLIC FEELING AGAIN DISTURBED.

Argentina Will Not Cease Military Preparations—Chile Will Be Asked to Explain—Outburst Feared When Protocol Is Published.

Buenos Ayres, Dec. 27.—Although a protocol has been signed settling the controversy between Argentina and Chile, the Argentine minister of war has announced that it will neither mean a suspension of military preparations nor affect the calling of reserves into active duty.

The newspapers announce that hostile demonstrations are likely to take place when the protocol is published.

The Nacion says the Argentine-Chilean protocol has been definitely approved by Dr. Alcort, the Argentine minister of foreign affairs. It is further asserted that the incident arising from the changing of a phrase in the protocol by the Chilean minister of foreign affairs, Senor Yanez, has not the importance attached to it by some of the newspapers here.

Santiago de Chile, Dec. 27.—It is asserted here that the Argentine minister to Chile, Senor Portela, has insisted on a new definition of the protocol recently drawn up with the object of bringing about an arrangement, through arbitration, of the questions in dispute between Chile and Argentina. This has had a very bad effect on public opinion.

Navy and Wireless Telegraphy.

Washington, Dec. 27.—The navy department has taken the initial steps toward the adoption of wireless telegraphy as a means of signalling between warships at sea. To this end Admiral Bradford of the bureau of equipment has asked that the armored cruisers of the Pennsylvania class have their masts and rigging so arranged that the wireless system can be introduced. This will necessitate the lengthening of the masts of the ships and the insulation of the metal rigging by the use of hemp covering for halyards. It is intended to get test sets of instruments of the various wireless systems now being operated. These include the Marconi system.

Conference Will Be Held.

St. Paul, Dec. 27.—The conference of representatives of the northwestern states at Helena Monday will not be affected by the death of Governor Rogers of Washington. That state was to have been represented only by the attorney general owing to the governor's illness and the plans were perfected with those conditions in view. The date chosen has been agreed to by all concerned and cannot really be changed at this late hour. Governor Van Sant said the death of Governor Rogers was a great and unexpected shock, but that that matters were so far along that the conference would be held as announced.

Corporation Tax Measure.

Columbus, O., Dec. 27.—S. M. Bennett, special counsel in the attorney general's office, has completed the first draft of a bill whose purpose is the levying of additional taxes upon all corporations, domestic and foreign, doing business in Ohio. The bill combines the features of the Littlefield bill, now before the judiciary committee in the national congress, the New York law and the ideas advanced by Governor Nash and Secretary of State Laylin. It is the aim of the proposed law to do away entirely with the state levy by making provision for a sufficient income from corporate interests.

Steeple Climber's Fall.

Chicago, Dec. 27.—John Kelly, while on a church steeple 150 feet above the street, had what is considered a remarkable escape from death. He slipped from the top of the steeple and fell 65 feet where the edge of the roof interfered with his fall in such a manner that his hands were thrown against a small projection. Though almost unconscious, he clung to this hold three minutes until fellow workmen rescued him. He was seriously injured internally, but it is believed he will recover.

Murdered in a Mine.

Cripple Creek, Colo., Dec. 27.—Martin Gleason, 50, superintendent of the Wild Horse, Damon and Deadwood mines, was found dead at the bottom of the Kalamazoo shaft, 500 feet below the surface of the ground. The body was horribly mangled. The ground around the mouth of the shaft bore marks of a struggle and it is evident that Gleason was murdered, although no motive for crime is known.

Edisons Are Safe.

Norfolk, Va., Dec. 27.—A message was received from Beaufort, S. C., saying the Edison party is alive and well. Their yacht, the Quanche, which left here recently left Florida, via the Dismal Swamp, was reported wrecked near Beaufort.

WINTRY BLAST.

Heavy Damage Was Wrought Along the North Pacific Coast.

Vancouver, B. C., Dec. 27.—The storm which struck Vancouver Thursday has proven the worst in years. Great damage was done, especially to small shipping, the total loss being estimated at about \$100,000. The steamer Acrangi, from Australia, got her anchor foul of the Canadian Pacific cable to Victoria, the end of which is now lost. The cable station was wrecked by the storm and by logs being washed against it. Fifteen small steamers went adrift and were more or less damaged. Wreckage has been picked up in the gulf including several cases of Alaska salmon, thought to be from a southbound Alaska steamer.

Storm Swept Seattle.

Seattle, Wash., Dec. 27.—The storm did much damage and endangered many lives in this city. Along the north end of the water front where wind and wave had full sweep at high tide, the breakers washed away eight houses which floating driftwood battered to matchwood. The occupants barely escaped. High water on the Duwamish river added to the complexity of the situation. Wires are down all over the city. The highest velocity of the wind was 35 miles an hour.

Severe Snows in Norway.

Christiania, Dec. 27.—The violence of the snowstorms which have prevailed during the past week is almost unprecedented. A number of railway trains are stalled in the snow in the southeastern districts of Norway and most of the telegraph wires are down. Traffic in Christiania and vicinity has been greatly interfered with.

EDITOR IN ECC.

His Wife Says He's an Anarchist and Would Like to Kill Roosevelt.

New York, Dec. 27.—Rudolf Grossman, editor of the Austro-Hungarian Gazette, was arrested on a charge of assaulting his wife with a knife. Mrs. Grossman declared her husband to be an anarchist, and said he repeatedly told her he would consider himself highly honored if he could but do to President Roosevelt what Czizogsz did to President McKinley. She alleged her husband, Dec. 9, addressed a meeting of anarchists in this city, where he was introduced by Emma Goldman.

Chauncey's Nuptials.

Nice, Dec. 27.—The civil ceremony of the marriage of Senator Chauncey M. Depew and Miss May Palmer took place at 3 p. m. in the United States consulate. The bride's witnesses were Baron Von Andre and Baron de Cantalauze. The bridegroom's witnesses were James Gordon Bennett and Count De Sers. The bride being a Catholic, there will be two religious ceremonies. The first will take place at Notre Dame and the second at the Episcopal church at 11 o'clock a. m. and noon Saturday.

Same Old Story.

Constantinople, Dec. 27.—Dispatches from Salonica report that W. W. Peet, treasurer of the missionary society in Constantinople has established communication with the brigands who hold Miss Ellen M. Stone, captive, and hopes that the release of Miss Stone will be accomplished within a fortnight.

Business Block Burned.

Anderson, Ind., Dec. 27.—The Scott-Brown business block was partly destroyed by fire. It was occupied by the Buck, Beckley and company drug store and furniture store of Hayes & Son. The loss from fire and water in both stores is estimated at \$25,000 and on the building \$15,000. Fully insured.

Panhandle Dividend.

Philadelphia, Dec. 27.—The board of directors of the Pittsburg, Cincinnati, Chicago and St. Louis railroad, the Panhandle system, declared a semi-annual dividend of 2 per cent on the preferred and 1½ per cent on the common stock. This is an increase of one-half per cent on the common stock.

Policeman Sent to the Pen.

New York, Dec. 27.—Edward G. Glennon, the former wardman of the West Thirtieth street police station, was sentenced by Recorder Goff to six months imprisonment in the penitentiary. Glennon was found guilty of willful neglect of duty in failing to suppress a disorderly house.

Three Children Perish in Fire.

Buffalo, Dec. 27.—Three children of Jacques Mondry, aged 10, 7 and 2, were burned to death in a fire that destroyed a two-story frame building in Lombard street. The mother and a baby two days old were carried from the building.

Colonel D. L. Cockley Dead.

Shelby, O., Dec. 27.—Colonel D. L. Cockley, who organized the Shelby Tube company, the first concern of its kind in the United States, is dead. He was born in 1844 and was a prominent figure in the Republican party.

Detroit, Dec. 27.—General R. A. Alger was reported by his physician to be in a very satisfactory condition.

SEWELL NOW SLEEPS

Eternal Rest Follows Years of Active Life and a Long Illness.

WAS A NATIVE OF EMERALD ISLE.

Went Into the War With New Jersey Volunteers and by Vallant Service Rose to Distinction—His Political and Business Career.

Camden, N. J., Dec. 27.—United States Senator William J. Sewell died at his home here at 9:30 a. m. Friday of diabetes complicated with stomach and heart trouble. Senator Sewell's illness extended over a period of two years, but his condition was not considered serious until about a year ago. His constant attention to official duties resulted two years ago in a collapse. A trip to Europe was beneficial and he soon recovered sufficiently to resume his duties. Toward the end of the last session of congress he developed a complication of diseases and acting on the advice of his physicians, again visited various health resorts in Europe. Upon his return, his condition showing no improvement, Senator Sewell went to Asheville, N. C., where he remained two months. He returned to his home about four weeks ago, and during a few days a slight improvement in his condition was noted. Within the past two weeks a succession of sinking spells greatly

WILLIAM J. SEWELL.

weakened him and compelled his physicians to abandon the hope of prolonging his life. When death came, the senator's family gathered at his bedside. He was unconscious some time before the end.

William J. Sewell was born in Ireland in 1835, and came to America at an early age. At the outbreak of the civil war he was commissioned captain of the Fifth New Jersey volunteers, served during the war, brevetted brigadier general for distinguished services at Chancellorsville and also major general for gallant service during the war. He was wounded at Chancellorsville and at Gettysburg. After the war Mr. Sewell became connected with the New Jersey branches of the Pennsylvania railway system. In 1872 he was elected state senator from Camden county and was president of the senate in 1876, 1879 and 1880. While yet a member of the senate he was elected to the United States senate in 1881 to succeed Theodore F. Randolph, next elected in 1895 to succeed John R. McPherson and was re-elected in 1901. Mr. Sewell was a delegate and also chairman of the New Jersey delegation to the Republican national conventions of 1876, 1880, 1884, 1888, 1892 and 1896. He was one of the national commissioners for New Jersey of the world's fair at Chicago in 1893. He was also identified with the management of various banks, trust companies and philanthropic societies.

Cabinet Meeting.

Washington, Dec. 27.—The cabinet met as usual Friday but no business was transacted. The session was occupied in the exchange of holiday reminiscences. The most positive denials are given of the story published that F. D. Coburn, secretary of the state board of agriculture of Kansas is to succeed Secretary Wilson. When the fact that Governor Shaw had accepted the tender of the treasury portfolio was made public the announcement was made that Secretary Wilson would remain in the cabinet and the same statement was reiterated at the White House in the most emphatic manner. The president is anxious that Secretary Wilson should remain and the secretary himself has informed the president that he will be glad to do so.

South American Duel.

Buenos Ayres, Dec. 27.—Senor Hortensio Perez, chief of the Uruguayan legation, fought a duel with a Chilean, Senor Fernando Toro, who took offense at statements made by the former during a conversation. Senor Toro was wounded.

CAN SEE AGAIN.

Congregational Divine Declares That God Restored His Sight.

New York, Dec. 27.—Religious circles in this city are interested in the announcement by the Rev. Dr. Charles M. Herald, pastor of the Bethesda congregational church, Brooklyn, that he had recovered his eyesight. Dr. Herald appeared at the council of Congregational ministers, called to sanction the resignation of the Rev. Dr. E. P. Ingersoll, who has accepted the position of secretary of the American Bible society.

In speaking of his recovery Dr. Herald declared that God restored his sight. He said: "When the surgeon performed the operation he said there was no hope of my eyes recovering sight. I then fought the battle, the most stubborn and most trying I have ever known in my 12 years as a preacher of the gospel. The enemy of my soul appeared and jeered at me, saying 'now do you believe that the grace of God is all-surviving as you have preached to your congregation for 12 years? Now will he help you?' God heard my prayer and did what men could not do, restored my sight."

Schaeffer After French Scalps.

New York, Dec. 27.—Jacob Schaeffer, who became champion billiardist of the world by reason of winning the recent tournament at Madison Square Garden, sailed for Paris with Leonard Howison of Canada, Louis Barutel of Paris, Joseph Orti of Spain, and John Moulds of this city. They are under engagement to play with the French professionals, Ducatti and Ferdinand. Schaeffer expects to be gone at least five months. Before returning to this country he anticipates meeting the leading French experts for the diamond emblem which he holds as the badge for the world's championship. His strongest opponents will be Vignaux, Forniel, Gibelin and Cure.

Shot Three Men.

New York, Dec. 27.—Steve Bederick shot three men in the streets of Passaic, N. J., and when finally captured he would have been lynched had it not been for the firm stand made by a local justice of the peace and a posse of citizens. Bederick quarreled with John Stondt and in a rage shot his in the neck. Bederick tried to run away but was followed by a crowd into which he fired, one ball striking Anton Stul in the thigh, then wounding a man named Lavelle in the arm. After all the chambers in Bederick's revolver were emptied his pursuers closed in on him and overpowered him. Before he could be rescued from his captors he was terribly beaten. Stondt's wound is dangerous.

Big Battle in Colombia.

Colon, Colombia, Dec. 27.—News was received here that General Marin the Colombian revolutionary leader, attacked Honda on the Magdalena river with 1,200 men. The garrison, consisting of 430 men, fought from 6 a. m. until 12:30 p. m. At 8 a. m. the garrison received reinforcements numbering 200 men. The battle started on the outskirts of the city and ended at Caracoli, nine miles from Honda. Bayonets and machetes were used. The government forces were victorious. It is said 40 men were killed during the battle.

Banished For Playing Baccarat.

Vienna, Dec. 27.—Emperor Francis Joseph has ordered the expulsion from Austria of the principals in the baccarat game of Dec. 21, when, at the Vienna Jockey club Count Potocki lost \$500,000 during three hours' playing. Count Pallavicini winning most of the money. Counts John and Joseph Potocki have retired to Russia. Gambling for large amounts is illegal in Austria.

Bank Bookkeeper Arrested.

St. Louis, Dec. 27.—Theodore Dudleston, jr., formerly assistant bookkeeper for the Stock Yards bank of East St. Louis, Ills., was arrested on a warrant charging him with embezzlement amounting to \$11,054.38. Dudleston resigned his position and informed the bank of his shortage Nov. 27. Speculation in stocks caused his trouble.

January Dividends.

New York, Dec. 27.—It is generally conceded in commercial circles that January disbursements for 1902 on account of interest and dividend payments will break all records. The aggregate dividends already declared of industrial companies for January, including the closing days of December, amount to \$25,044,000.

A Patron Saint of Vassar.

Poughkeepsie, N. Y., Dec. 27.—Augustus L. Allen, 92, one of the original trustees of Vassar college, is dead. In 1850, he was chairman of the committee to welcome home the late S. F. B. Morse, the inventor of telegraph, on his return from his first protracted trip to Europe.

French Barque Went Down.

Astoria, Or., Dec. 27.—The French barque Henrietta sank in Astoria harbor. No loss of life.

TWO BAD EXPLOSIONS

One Wrecked a Foundry and the Other Took a Powder Mill.

BOTH OCCURRED IN KEYSTONE STATE.

Three Men Killed and One Seriously Injured in the Furnace Disaster. Windows Shattered and Train Shocked by Powder Flash.

Scranton, Pa., Dec. 27.—An explosion in the barrel mill of the Mosaic Powder company of the Jermyn works blew the mills and some adjoining buildings to pieces and broke windows for miles around. The shock was plainly felt in this city, a distance of 14 miles. Jacob Hiller, who was in the engine room in an adjoining building, was fatally burned. John Gibbs, George Gebhardt and George Horkel, were caught by flying debris and badly injured. Glass blown from a window in Albert Carey's house struck his daughter and cut a deep gash in her neck. It is feared she is fatally injured. Scarcely a score of residences in Jermyn escaped with a whole pane of glass. A Delaware and Hudson train which passed about a mile from the scene of the explosion at the time of the accident was swayed by the force of the explosion and the passengers screamed with terror as the train gave a sudden lurch. The cause of the explosion is unknown.

The Foundry Catastrophe.

Sharpsville, Pa., Dec. 27.—An explosion at the old Sharpsville furnace wrecked the furnace plant and killed three men. Another workman was probably fatally injured. Martin Clary, Howard Dickson, James Bartlett and James Donnelly were working at the top of the furnace when the explosion occurred and Clary, Dickson and Bartlett were burned to death. Donnelly was injured by jumping. The cause of the explosion is not known. No estimate has been made as yet of loss.

TRAIN'S MAD DASH.

Went Down a Hill 80 Miles an Hour. Four Trainmen Killed.

Scranton, Pa., Dec. 27.—An Ontario and Western railroad train ran away on the heavy 80-foot grade going down the mountain on the Scranton division, east of Poyntelle. Near Preston Park, in passing a switch frog, it jumped the track, plunging down a hill nearly 100 feet. The engine and 40 gondolia cars all loaded, piled up in a mass. Engineer Whitney of Mayfield, Fireman Charles Millard of Carbondale and two trainmen were killed. Conductor Smith escaped death, but is badly injured. The track was covered with sleet and snow and the airbrakes refusing to work allowed the train to gain such a headway that it dashed down the mountain with terrific speed, passing Winwood at the rate of 80 miles an hour.

Wrecked and Burned.

Barclay, Colo., Dec. 27.—Passenger train No. 1 northbound on Colorado and Southern railroad was wrecked by a broken rail four miles south of Barclay. The day coach, cafe car and sleeper left the track. The wreckage took fire and only by rapid work were the passengers rescued before the cars were burned. The sleeping car was entirely consumed. Several passengers were injured but not seriously.

Freight Trains Met.

Scranton, Pa., Dec. 27.—In a head-on collision between two coal trains on the Erie railroad in the East Honesdale yards, Fireman John Hossner of Port Jarvis, N. Y., was killed. Both engines were demolished and a score of cars wrecked.

British Got Another Bump.

London, Dec. 27.—General Kitchener reports another severe British reverse in South Africa. The night of Dec. 24, Dewet rushed Colonel Firman's camp at Zeefontein, consisting of three companies of yeomanry with two guns, and inflicted heavy loss. Boer resistance is very strong in that part of Orange River, which was the scene of Dewet's Christmas coup. A great quadrangle of blockhouses is being built there, the four points of which are Veerenignen, Valkrust, Harrismith and Kroonstadt. At the southeast corner of this quadrangle is a long open space, from Bethlehem to Lindley, where the square of blockhouses is still incomplete, and here Dewet made his attack. Colonel Firman's force probably amounted to 400 men, and the disaster, especially the loss of the guns, the possession of which may enable Dewet to successfully attack the blockhouses, creates a disturbing impression.

Charges Against a Sheriff.

Albany, N. Y., Dec. 27.—Charges against Sheriff Samuel Caldwell of Erie county were presented to Governor Odell by F. A. Abbott of Buffalo. No announcement as to their nature will be made at the executive chambers until they have been read by the governor.

It required about the same amount of
 modesty to scoop in all the prize money
 that it did to gobble up the glory for the
 Santiago victory, but Sampson was equal
 to both occasions.

WILLIAM J. BRYAN in the Commoner
 this week denounces in scathing terms
 the recent adoption of the Philippines
 tariff by the Republican majority in the
 lower House of Congress. He says:

While the West Indies were under the
 rule of the Castilian they enjoyed free
 trade with the mother country and had
 representation in the Imperial Parlia-
 ment, but the Filipinos, after co-operation
 with us against Spain, were bought
 like chattels from a vanquished foe and
 placed under the control of high-priced
 carpet-bag officials. Now they are to be
 shut out from commercial intercourse
 with the United States by a high tariff
 wall, constructed to enable a few Ameri-
 can manufacturers to grow rich at the
 expense of the rest of the people, and
 denied representation in the Legislature
 which taxes them. The Democrats in
 the House of Representatives have greatly
 strengthened their party by their vigor-
 ous opposition to the measure.

REMARKABLE SPECTACLE

Of a Desk Warrior Censuring Three Great
 Generals.

[New York World.]

Not since the fabled free-mouse baited
 the caged lion has there been so extra-
 ordinary a spectacle as that presented in
 the censuring of Admirals Dewey and
 Schley and General Miles by Elihu Root.

Mr. Root is a corporation and trust
 lawyer who was appointed to the head of
 the War Department solely for political
 reasons. He is absolutely without any
 military or naval training or experience.
 He never "set a squadron in the field"
 nor saw one on the water. Yet he has
 the colossal impudence to reprimand
 General Miles, the hero of a hundred
 battles, for expressing his willingness to
 accept the judgment of Admiral Dewey,
 the hero of Manila, that Admiral Schley
 was in actual command at the battle of
 Santiago and was the hero of that affair.

Thus with one sweeping censure does
 this knight of the quill condemn three
 of the bravest, most experienced and
 most successful fighters on land and sea
 that this nation has ever produced.

That this reprimand was made "by di-
 rection of the President" adds neither to
 propriety nor its justice. It simply adds
 the opinion of an amateur in war to the
 sophistications of a lawyer in condemn-
 ing the action and the judgment of three
 veteran commanders. The hot-headed-
 ness of the rebuke is Roosevelt's; its im-
 pudence is plainly Root's. History, with
 impartial hand, will pass upon these two
 and their aiders and abettors her abiding
 censure for this insult to the three her-
 oes whose fame is beyond the reach of
 envy or detraction.

A Republican Paper on Its Party Policy.
 [Portland, Oregonian—Rep.]

America, the land of the free and the
 home of the brave, must tax the poor lit-
 tle Philippines. So much for the nation
 conceived in liberty and dedicated to the
 proposition that all men are created
 equal. How just, how subtle and how
 mighty is America! This is the way the
 United States have entered the theater
 of the world. If it is a sample of this
 country's acting Uncle Sam should "go
 way back and sit down."

Superintendent Rosenham and the
 local solicitors of the Western and South-
 ern Life Insurance Company were in
 Cincinnati Friday attending a banquet
 given by the officials of the company.

Special Judge W. Henry Wadsworth
 had a busy day in the Police Court Fri-
 day. Nancy Price was fined \$20 and
 costs for being drunk and disorderly;
 William Weaver, \$6.50 for a plain drunk;
 Albert Weaver, \$6.50 for same offense;
 Thomas Kane got \$10.50 on a d. and d.
 charge; James Hasson, Jr., \$6.50, and
 James, alias "Peggy" Hasson, \$11 on
 similar charges; William McDonald got
 \$6.50, Jeff Clayton \$8.50 for drunks. Ly-
 dia Lacy was fined \$17.50 for using abu-
 sive and insulting language; Geo. Cooper,
 \$14.15 for beating his wife; Frank Ran-
 dolph for breach of the peace \$7.40; Lute
 Fetters, \$7.50 for being drunk; James
 Ramsay, drunk and disorderly, \$7.50;
 Chris Jacobs, same charge, \$7.50; Tim
 Riley, drunk, \$7.50. James Tudor,
 charged with pointing and flourishing a
 deadly weapon, was held in sum of \$100
 to the Circuit Court. Frank, alias
 "Sheep" Lewis, colored, charged with
 robbery, was held in sum of \$100.

AFTERWARD

The Christmas scramble left quite a lot of choice things in its wake. Perhaps
 the very article you had "your eye on" is here yet. Prices now are just half what
 they were. This is the time to treat yourself to some coveted dainty Santa Claus
 forgot. Or perhaps he gave you money to do your own choosing—wise Santa.
 Come in. Look leisurely; no hurry now. Dollars will double themselves—you
 can have two articles for the price of one.

D. HUNT & SON

MAN'S LIFE AND HABITS

Throughout the World to be Exhibited at
 the St. Louis Exposition—"Exky"
 Writes of Preparations.

ST. LOUIS, December 23rd, 1901.

[Correspondence of BULLETIN.]

Within the last year I read a book written by
 Prof. Chas. Carroll in which the author under-
 takes to prove by an array of Bible truths scienti-
 fically discussed, that only the pure Caucasian
 has a soul, and that the Indian, the Malay, the
 Mongolian and the negro belong to the zoological
 system of Darwin, Haeckel, Huxley, Tyndall,
 &c., and do not belong to the human species.
 He contends that the "Theory of Descent" taught
 by this class of philosophers is not a product of
 the Christian era but that it actually antedates
 that thousands of years. Prof. Carroll argues
 that mind is not peculiar to man and that
 animals have reasoning powers. He thinks that
 when "God made the beast of the earth after his
 kind, and cattle after their kind, and every thing
 that creepeth upon the earth after his kind," it
 was merely a combination of matter and mind
 up through the different grades of animals until
 the creation of man, but that God determined to
 make man in his own image and after his own
 likeness and that his physical structure was
 simply a formation out of matter, and like the
 fish, fowl and beast, he received his animal life
 from matter, that man was then simply a com-
 bination of matter and mind, but that now God
 breathed into him the breath of life "and made
 man a living soul;" that thus the three creations
 —matter, mind and spiritual life—were com-
 bined in man. Prof. Carroll believes that this
 spiritual life was part of the substance of God
 and that its combination with mind and matter
 in man formed the connecting link between
 the Creator and the creature and thus Adam became
 the son of God. He argues from this that only
 Adam and his descendants of pure white blood
 can have souls.

But, whether the "human species" is properly
 divided into "races of men" or not, the big fair
 of 1903 will exhibit the life and habits of man-
 kind in all parts of the big round earth, from the
 lowest savages up. It is proposed that this
 ethnological exhibit shall represent all the un-
 civilized races of men on the globe and that it
 shall give their manners and customs and modes
 of life, their occupations, amusements, religions,
 &c., &c., &c.

This feature of the Chicago World's Fair was
 limited to the Eskimo and Dahomeyan villages,
 but at St. Louis the entire world is to be drawn
 upon for this exhibit, and here the visitor will
 be able to see and study his brother-man of all
 races and all tongues and all climes, from the
 lowest type of the Fiji Islander, or the most un-
 civilized from "Darkest Africa," on up through
 the semi-civilizations of the world. The ethno-
 logical exhibit is bound to attract universal at-
 tention and interest. It will be in charge of
 Prof. McGee, of the Bureau of Ethnology, and
 Prof. Holmes, Curator of the National Museum.

On the 20th inst.—last Friday—with much
 pomp and ceremony, and with booming cannon
 and blowing trumpets and rolling drums and
 marching squadrons and flying banners and
 bands of music ground was broken for the event
 which is to be the greatest of its kind in all the
 centuries. It had been arranged that a great
 civil and military parade should be a feature of
 the day, but zero weather prevented. The
 shovel used on this-to-be historic occasion was
 first wielded by President Francis and then by
 the exposition officials in turn. It was a hand-
 some and very highly polished implement and
 will, of course, be carefully preserved. After
 the exercises at the ground an adjourned meet-
 ing was had at the Coliseum where the oratorical
 program was carried out and speeches made by
 Gov. Francis, Hon. James A. Tawney, of Minne-
 sota, and Gov. Jeff Davis, of Arkansas, and at
 night a banquet was given at the Southern Hotel
 where toasts were responded to by the gentlemen
 named and by Gov. Dockery, Gov. Savage, of
 Nebraska, Gov. Van Sandt, of Minnesota, Hon.
 John M. Allen, of Mississippi, Mr. H. N. Higin-
 botham (who was President of the Chicago fair),
 representatives of the Governors of other States
 who were prevented from attending, and home
 talent. The entire occasion was indeed an in-
 spiring one, but it cannot be more than hinted
 at in the limits of a letter.

Beauty is Health.

Walnut Lake, Ark., June 8, 1900.
 I thank you for the benefit I received from
 your advice and the Wine of Cardui I took in
 my terrible condition. My life was no pleasure
 to me at all and I was of no use to anybody.
 After receiving your advice and medicine I
 commenced taking it and began immediately to
 improve. The pains left me and the menses,
 which came at the correct time, continued three
 days. I have gained strength and my weight
 has increased. My husband says the medicine
 has made me better looking than ever before.
 Mrs. LIZZIE MANNELL.

Womanly health means bright eyes, rosy
 cheeks, clear complexion and elasticity of form.
 This is the youth unmeasured by years—the
 beauty of perfect womanhood. Beautiful wo-
 men are happier and get more out of life than
 their sisters whose faces indicate suffering.
 Wine of Cardui makes Mrs. Mannell "better look-
 ing" and infinitely happier because it cured her
 of those terrible pains. But she is no exception.

WINE OF CARDUI

Is giving thousands of women health, beauty and freedom from the drag-
 ging pains which made their lives so miserable. Wan faces, haggard eyes
 and emaciated forms are the results of suffering. What suffering can com-
 pare with the torture of irregular menstruation, leucorrhoea and falling of
 the womb! Beauty flees quickly before the ravages of such disease. The
 sharp pains of falling of the womb deepen the crow tracks in the face.
 Menstrual irregularities rob the eye of its fire and the complexion of its
 transparency. Leucorrhoea drains the body of its strength, but Wine of
 Cardui restores the natural beauty, brightens the eye, clears the complexion,
 rounds out the figure and brings back the vigor of health. Every druggist
 in this city handles \$1.00 bottles of Wine of Cardui.

A RIP ROARING ROUSING SUCCESS

That's what BARKLEY'S first Christmas distribution plan proved to be. Santa Claus, though a little "off color," appeared on about schedule time and at once got down to the "business end" of the affair. All that presented coupons were given something, but the chief interest centered in CASH gifts, which were designated by numbers, thus:

First,	6186
Second,	6960
Third,	4298
Fourth,	8071
Fifth,	2551
Sixth,	1122
Seventh,	4261
Eighth,	2187
Ninth,	2264
Tenth,	5262
Eleventh,	2473
Twelfth,	2901

Holders of these coupons will please present same for redemption at their earliest convenience.

A certain very popular and pretty saleslady in one of our local stores was handsomely remembered by Santa Claus this year, the yuletide stocking containing such trifles as diamonds, money, dry goods, shoes, &c. One of the most appreciated remembrances, however, came from a "dashing" bachelor friend, and consisted of a large fat and fragrant brick of limburger cheese, of which the aforesaid damsel is exceedingly fond. Cupid cuts many capers and "love finds a way" by many different routes, but this is the first instance that we have heard of where the wooing was done through the instrumentality of limburger cheese.

MRS. J. C. MOLLOY.

"A Loyal Friend, a Noble Daughter and a Devoted Wife and Mother"—Tribute to Deceased.

[W. C. C. in the Christian Observer.] Jeannette Elliott Robinson was born at Maysville, Ky., September 24, 1874. On her mother's side, she was a niece of Gen. Wm. Nelson, and on her father's side, a lineal descendant of John Elliott, the "Apostle to the Indians."

At an early age she united with the Presbyterian Church, and on September 21, 1898, she became the wife of Rev. J. C. Molloy, D. D., pastor of the Central Presbyterian Church, Maysville, Ky. She died, December 9, 1901, leaving her husband and two daughters, the elder two years old, the younger only a week old. She was permitted to live in the beautiful home her father had provided for her just seven weeks. She was the eldest daughter of Col. E. A. Robinson.

Nettie Robinson, as she was familiarly called prior to her marriage, was one of God's noble women. To a kindly nature were added a generous heart and a free hand, and whatever was hers was at the service of those less fortunate. She was beautiful in person, in mind and in heart. She was educated at Augusta Female Seminary, at Staunton, Va. Though she was reared in a circle and station where she saw much of the attractive side of the world, the Saviour of sinners won her heart and held her in loyal allegiance till the day of her translation. During the five meeting, she took a decided stand on the subject of worldly amusements, and when she became Dr. Molloy's wife, she told an elder who had known her from childhood, that she understood the importance of the step she had taken, and that it was her purpose not only to make a true and faithful wife, but a helpful pastor's wife. This purpose she carried into execution in such a way as to lead the congregation to love her, and speak of her as "the model pastor's wife." She grew in grace as she advanced in life. Her well marked Bible showed that she meditated upon the word, and found the promises of God precious to her heart. "Through a terrible illness she displayed an unflinching Christian spirit, and after suffering God's will patiently, she fell asleep. Her resignation was the more remarkable because she was so happy in her family and home, so young, and with so much in life for which to live." She was a loyal friend, a noble daughter and a devoted wife and mother. In her life and death she illustrated the power of God's grace to transform, comfort and sustain.

FLEMINGSBURG BARBER SHOT.

Riley Ham Badly Wounded While With a Party of Christmas Revelers.

Riley Ham, a barber, was shot in the groin at Flemingsburg Thursday night, and is in a critical condition.

With several others they were engaged in exploding giant crackers in front of the house of Daniel Fisher, when five shots in rapid succession were fired from a window, and Ham fell wounded. Two large windows in Fisher's house had been smashed by the giant crackers.

Fisher was arrested and placed under bond. Ham may recover.

While Mrs. O. H. Browning was sitting in a street car at Lexington a bullet fired by Christmas revelers narrowly missed her.

The Kentucky Educational Association recommends that third-class certificates be abolished; that the county be made the unit of taxation; that the school district be given the authority to vote on the question of levying a tax to build school houses; that the trustees system be remedied by placing all schools in the county under control of a County Board of Education.

Mr. and Mrs. W. D. Worthington, of "Elm Lane," gave a pleasant dining party on Christmas day. The guests were Mr. and Mrs. Robert G. Wood, Miss Mary Burnaw Wood, Mr. and Mrs. John Wood, Mr. and Mrs. Wm. Galbreath, Mr. and Mrs. Robert Cook, Mr. and Mrs. Silas A. Clift and Mr. Burns Clift. The amiable hostess was ably assisted in the dispensation of the hospitalities of the home by her two daughters, Misses Besie and Inez.

A Brief Statement,

BUT OF MUCH
ADVANTAGE TO THE READER.

On the 14th of January is the first anniversary of the formation of the firm of D. Hechinger & Co., on that day we begin to invoice. WE PREFER TO INVOICE CASH THAN MERCHANDISE. Beginning on the 26th December and continuing to the 13th of January, NO LONGER, we will give

A CASH DISCOUNT OF 20 PER CENT.
ON EVERY SUIT AND
OVERCOAT
IN OUR HOUSE---
NOT A GARMENT RESERVED.

hence those who have fortunately been dilatory in providing winter wear for themselves find here an opportunity to buy clothing of the kind that few houses carry, and at prices way below what you pay for ordinary merchandise.

In this sale is included every Suit we own made by the celebrated firms, Stein Bloch Co., L. Adler Bros. & Co., Garson, Meyer & Co. and Michaels, Storm & Co., four of the world's best custom made ready to put on clothing manufacturers.

To decrease our stock of Hats and Shoes we will give a 10 per cent. cash discount on Stetson Hats and Hanan & Son and W. L. Douglas Shoes. You know we guarantee every pair Shoes we sell, money returned if they do not give reasonable satisfaction.

It is almost needless to mention that goods sold in this sale are sold for cash only, and when we say 20 per cent. off, it don't mean 19 and as all of our goods are priced marked in plain figures, and only marked once you can easily arrive at the cost price. We do not deem it necessary to urge you to take advantage of this sale.

New York, Dec. 27.—Reciprocity with Canada in the matter of touring vehicles free of duty is the chief topic being discussed by the law committee of the automobile club of America at its sessions in this city. George F. Chamberlain, chairman of the committee, urged that an effort be made to obtain for touring automobiles the same privileges granted bicyclists in 1898 to cross duty free on presentation of membership tickets through the custom house regulation by the Canadian and United States treasury department. A commission has been appointed to visit Canada for the purpose

A grain of sand in the eye can cause excruciating agony. A grain of pepper in place of the grain of sand intensifies the torment. The pain is not confined to the organs affected. The whole body feels the shock of that little irritating particle. It is so when there is any derangement or disorder of the delicate womanly organs. The disorder may seem trivial but the whole body feels it. The nervous system is disordered. There are fretfulness, irritability, sullenness and depression of spirits. The general health of woman depends on the local health of the organs peculiarly feminine. Remove the drains, ulcerations, bearing down pains, and other afflictions of woman, and the whole body feels the benefit. Dr. Pierce's Favorite Prescription is a specific for the diseases that undermine the strength of women. It is free from opium, cocaine and other narcotics, poisons which enter into many other preparations for woman's use. It makes weak women strong and sick women well.
